

Build a Civilization

The class will be divided into groups of 2 and each group has been given a new piece of land. It is up to each group to how they will build there civilization. Each group will make a model of there civilization and they will present this to the class. Then the class will vote for the best made civilization and the one they feel would most succeed. You need to be creative with this assignment by coming up with a way to create this civilization. Ex: clay, draw on poster board, paper, use any materials that you want, etc.

Civilization Needs:

1. Places for Government
2. Places for people to live
3. Production of food to eat
4. Water
5. Any buildings ex: school, religion
6. Economy
7. Geography/climate ex: mountains, island, etc.
8. Roads
9. Bridges
10. Railroads
11. Any thing else that your group believes a good society needs

Rubric

Model

Content (Items that are listed above)	/20 points
